Releasing God's Life-changing Truth to a New Generation

Project Seed: Distributing Free Christian Digital Resources

Paul J. Bucknell

I have traveled and ministered in many different countries, largely to train those in Christian ministry. Seeing our Mighty God actively working among His many people is exciting. And yet, it is sad to observe the lack of spiritual growth even among many leaders. To combat this serious and unnecessary problem, BFF offers free training materials to God's servants and believers in developing countries and regions. Our vision seeks for all followers of Jesus to glorify God through their closeness with Him and how they diligently carry out His works.

We now offer free ongoing access to BFF Christian online training digital libraries worldwide! As a seed flies through the air, we want to see biblical training materials reach every corner of the world. As a believer is strengthened, he or she spiritually grows and becomes a greater blessing to others.

BFF's materials can be used in various ways, depending on which electronic devices one can access: smartphones, tablets, computers or the web at an internet cafe.

For more than twenty years, God's grace enabled Biblical Foundations for Freedom (BFF) to create biblically-based and graphically-enhanced training Christian resources. It is time for the power of God's Word to be set free in His people's lives. Our 7 English BFF Digital Libraries and international resources are included!

Qualifications & Conditions for Free Access

You must live in a developing country with access to the internet, a computer or some computer device that can read pdfs, epub, listen to mp3s or show videos. An internet cafe works as well as a smartphone or tablet. If you or your church is financially able to afford these resources, even though you live in such countries, we suggest you make a Project Seed

donation or order through our **BFF store**. This enables us to focus on meeting the needs of those who truly need this offer.

These materials are indefinitely loaned to you by BFF and are not for resale. If the access demand is too great, we have the right to prioritize the requests for those serving in full-time Christian ministry, but now it is open to all. Please feel free to edit, translate, and adapt the resources for our your purposes if they build up the people of God. You do not need to ask permission to adapt, use or translate, but we do not allow you to put the resources or their links on the web without permission.

How do you apply?

Request via email/whatsapp with "Project Seed" in the subject area. Provide at least city (town) and country. If you are involved in ministry, we would love to hear a short description of your ministry. There is no cost to you except your internet charges. Our email is at the bottom of the page. Have each person/family apply if at all possible. We usually respond within 12 hours.

Consider being a distributor

Do you know others who might benefit? We welcome you to join us in distributing these resources. Normally, a person would provide this web page's link to your friends (or our email address below), and they, upon briefly introducing who they are in their email receive the key link to access the libraries.

If you, for example, are a pastor, missionary or teacher, and know many people in a developing country with internet access, introduce yourself to me (Paul). There are several

volunteer options. You can personally pass the link on to others as you travel.

If there are questions or desire for usage by larger groups or online libraries such as at schools, please contact Paul at (+01) 412-398-4559 (in USA). pb@bffbible.org

More about Rev. Paul J. Bucknell

Rev. Paul J. Bucknell has been married 40+ wonderful years and has eight children, along with eight grandchildren!

With oversea church planting ministry in Taiwan during the 80s with OMF International and pastoral experience during the 90s, Paul is able to use his many experiences to address the challenges Christian believes and church leaders face around the world.

In 2000 the Lord called Paul to start BFF. His experience has been further enriched by his many international Christian leader training seminars. Paul has authored more than twenty-five books and, as president of Biblical Foundations for Freedom, holds Christian training seminars worldwide.

Biblical Foundations for Freedom was started by the Lord in 2000 and is based on complete confidence in the inspired Word of God, the saving work of Jesus Christ, and the need for the Holy Spirit to empower His people. Our training material is designed to use graphically-enhanced, biblically faithful materials to release the full power of God's Word into our lives so that we can have our lives transformed into the image of Christ Jesus, all to His glory. Paul's prayer is that God would revive His people worldwide and bring glory to God.
